01

01 / STRUCTURE

A black bay, a chrome lid.

The black housing wraps the brewing bay. The chrome lid overhangs it; the left tower is the only yellow volume.

HEIGHT
553 mm

WIDTH
400 mm

DEPTH
326 mm

01 TOP HOUSING

80 mm black massing. The bay soffit is part of the same volume.

02

02 / BREWING BAY

The group sits inside the mass.

A 229 × 121 × 211 mm recess holds the group head and portafilter. The steam wand enters from the right.

BAY
229 × 121 × 211 mm

GROUP HEAD
Ø100 mm

BASKET
Ø88 mm

02 GROUP HEAD

Ø100 mm, 60 mm deep. The portafilter projects into the bay.

03 / CONTROLS

Three switches, one cast base.

The switch plate sits on the lower front-left. The tray is a 31 mm recess under a black grate; the base is a single dark casting.

TRAY
340 × 240 mm

SWITCH PLATE
120 × 82 mm

BASE
400 × 320 mm

03 SWITCH PLATE

Three 18 × 50 mm rockers on a 120 × 82 mm plate.
